IMPORTANT INFORMATION REGARDING THE ACADEMIC PROGRESS REPORT

The Academic Progress Report (APR) is a tool to assist students and advisors with academic planning and progress. Completion of degree requirements as listed in the APR does not guarantee degree conferral.

Any requirement showing as satisfied that is using an in progress course is not considered satisfied until the student has successfully completed the course and received an allowable grade.

PLEASE NOTE: Direct questions about the APR and degree completion to your academic advisor. Your Academic Advisor is listed in CalCentral on the My Academics page.

IN-PROGRESS COURSEWORK

The Academic Progress Report (APR) applies "I" Incomplete, "IP" In-Progress and ungraded courses towards the satisfaction of University, Campus, College, Major and Minor requirements, and assumes their successful completion.

If the Incomplete, In-Progress or ungraded course is not successfully completed with the minimum grade required, the course will be withdrawn from the APR and the status of the requirement will be changed to "Not Satisfied".
